Sir/Madam

Philadelphia Think Company

Think Company

111 S 15th ST, PHILADELPHIA, PA 19102

Dear Sir/Madam,

I am applying for the Full-Time Web Developer position at your Think Company that was posted on LinkedIn on March 2018. I am open to working onsite with the clients in the Philadelphia area. I am graduating from Temple University on May 2020 with Bachelor of Science degree in Computer Science. If the company moves to another place, I am willing to move to that place. This company's development team is comprised of technologists who understand and can reconcile the goals of development, design, and business.

As you can see from my resume, I can make a website using HTML, CSS, and JavaScript. I am willing to learn CMS platforms, test-driven development, newer web technologies, server-side programming languages, technical stacks, and various build/CI tools. I have made my own website for CodeDay that took place in Philadelphia, PA on August 2017 and won the MVP Award for it. Also, I have made the same website for lab portion of Computers and Applications course at Temple University. In making of my own website, I used Adobe Dreamweaver CC 2018 for design portion of it and used both Sublime Text 3 (copy code from Adobe Dreamweaver and paste it here) and Git to publish my website onto GitHub. Here is the link to my website: "parsatempleowl-parsaphiladelphiaeagle.github.io". Here is the link to my GitHub Repository: "https://github.com/parsatempleowl-parsaphiladelphiaeagle/parsatempleowl-parsaphiladelphiaeagle.github.io".

I demonstrate great attention to details and have a service-oriented mindset. I possess exceptional verbal and written communication skills. I work collaboratively with cross-functional teams.

Thank you for your consideration. I want to make a positive impact on clients' lives and clients' customers. I believe that I have met the requirements for being a Full-Time Web Developer at your Think Company. I am looking forward to meeting with you so please do not hesitate to contact me.

Sincerely,

PARSA AHMADI NASAB EMRAN
