

Applied for this job: 04/04/2018 at 9:45 am through LinkedIn
Think Company (Philadelphia Think Space)
111 S 15th St, Philadelphia, PA 19102
(800) 296-9190

If you're an experienced web developer based in the Philadelphia area and are interested in working for an award-winning design consultancy, please read on! If you're from outside the Philadelphia area, relocation assistance is available.

Think Company is hiring experienced Web Developers who are passionate about crafting code that is as beautiful and as elegant as our designs. Our development team is comprised of technologists who understand and can reconcile the goals of development, design, and business. We believe in open web standards, progressive enhancement, accessibility, and making things fast. We are a team of individuals with diverse skills who love learning and sharing knowledge.

We're looking for someone who:

- Crafts web standards compliant, progressively enhanced, accessible HTML, CSS, and JavaScript to accurately translate responsive and adaptive design visions into code
- Has experience with or is open to learning newer web technologies, such as web components and single page application frameworks and libraries like AngularJS, Angular 4, and React
- Has experience with or is open to learning server-side programming languages and technical stacks, such as PHP, .NET, and Java/JSP
- Has experience with or is open to learning various CMS platforms, such as Drupal, Adobe Experience Manager, Sharepoint, and Sitecore
- Has experience with or is open to learning about test-driven development and various build/CI tools
- Demonstrates great attention to detail and a service-oriented mindset
- Possesses exceptional verbal and written communication skills
- Works collaboratively with cross-functional teams, including visual and UX designers, project managers, software engineers, QA engineers, and product owners
- Wants to make a positive impact in the lives of our clients, and our clients' customers

How to apply:

If this sounds like you, let's talk! Please submit: a cover letter introducing yourself, your resume, and a link to your personal web site and/or at least three URLs showcasing your front-end code. Position details: Full-time (40 hours/week), permanent employment with Think Company. Must be open to working in our studios in Philadelphia and Conshohocken, as well as onsite with our clients in the Philadelphia area.

Perks:

- Competitive salary
- Excellent benefits: health, dental, life, disability, 401(k), individual training budgets, etc.
- Flexible PTO plan, plus two PTO days to volunteer for the cause of your choice
- Hosts to meet-ups like UX Book Club, sponsors of events like Philly Tech Week, and regular company social events
- Awesome teammates who are committed to growing skills and sharing knowledge
- Inspiring, creative workspaces in downtown Conshohocken, PA and Center City Philadelphia; both with easy access to public transportation and walking distance to great restaurants
- Relocation assistance available

About Think Company
